Dear Members,

Thank you so much for your generous donation to FSD. We greatly appreciate your contribution of \$2,002.00. It's a great deal. We have enclosed a bookmark as a thank you for the results of your help . . .

Marley, a Flat-Coated Retriever mix from Adams County is doing well in his training for Animal-Assisted Therapy student. He is currently working on learning to roll over on his nose. **Kiwi**, a black Labrador mix from Colorado is working on custom training for Animal-Assisted Therapy. We have new and exciting prospects. We are awaiting the results of the training of **Sally**, a Golden Retriever mix from Denver Dumb Friends League, and **Frank**, a Golden Retriever mix from Table Mountain Animal Shelter. In the meantime, they have begun Boot Camp training and are proving to be very fast learners!

We held a Handlers class in November and are proud to announce we have SIX new volunteer dog trainers.

Again, we thank you for your support that enables us to place these invaluable service dogs, and to educate the public.

Sincerely,

Robin M. Starr, DVM, MEd
Executive Director

*It was great
you!*
